| 10) RG&E | <i>Energy Chants - All</i> |
| 11) MLK Jr. Memorial Park | <i>We Shall Overcome - All</i> |
| 12) Washington Square Park | <i>Battle Hymn of the Climate - All</i> |
| 13) Bridge for Group Photo | <i>Where Have All the Fishes Gone? - Raging Grannies</i> |
| 14) Hall of Justice | <i>Climate Justice Chants - All</i> |
| 15) D&C Headquarters | <i>Journalists, Journalists - All</i> |

We Need Climate Education

(Another Brick in the Wall Pt. 2)
We need climate education,
Just the facts that science knows.
No propaganda or denial,
People leave that oil alone.

Climate Change

(The Ash Grove)
The glaciers are melting
The seas, they are rising
And people are sweltering
As temperatures soar.

The land is disappearing
As oceans are encroaching
The people are fleeing
Away from the shore.

In Congress they bicker,
Too stubborn to dicker.
While Earth's getting sicker,
They don't do a thing.

The problem's wide-ranging:
The climate is changing,
And it is endangering
Our lives as we sing.

Bring Back My Planet to Me

(My Bonnie Lies Over the Ocean)
Our air miles make carbon dioxide,
Our lifestyle makes lots of debris,
While more and more people go hungry,
Oh bring back my planet to me.

Bring back, bring back,
Oh bring back my planet to me, to me.
Bring back, bring back,
Oh bring back my planet to me!

We've got to do better than tar sands,
And pipelines that go to the sea.
We're pow-er-ing up a great movement,
To bring back our planet to me.

I've Been Thinkin' 'Bout the Railroad

I've been thinking 'bout the railroad,
All the live long day.
I've been thinking 'bout the railroad,
How to keep Bakken trains away.
Can't you hear the warning signals,
Rise up to keep us safe and sound.
Can't you hear the people shouting,
We will not back down.

Stop the Bakken trains,
Stop the Bakken trains,
Stop the Bakken trains right now. (2x)

The Wheels on the Bus

The wheels on the bus go round and
round...so we don't need to drive.
The wipers on the bus go swish, swish,
swish...so we don't need to drive.
The horn on the bus goes honk, honk,
honk...so we don't need to drive.

We Shall Overcome

We shall overcome, we shall overcome,
We shall overcome someday;
Oh, deep in my heart, I do believe,
We shall overcome someday.

We'll walk hand in hand...
We shall live in peace...
We shall all be free...
We are not afraid...today...
We are not alone...today...

Battle Hymn of the Climate

Mine eyes have seen the glory
Of this planet where we live.
And to spoil it would be a crime
That I could not forgive.
Witnessing it's desecration
Leaves me feeling combative.
That's why we're marching on.

Glory, glory keep the Earth cool. (3x)
That's why we're marching on.

The Pentagon has stated
That it's in our best interest,
To address this problem quickly
Cause it's an enormous risk.
For our national security
Bold action is safest.
That's why we're marching on.

Journalists, Journalists

(Jingle Bells)
Flipping through the channels
I don't see one report
Or scientific panel
Just violence, sex, and sports.
Facts don't seem to matter
When climate's in the news.
Deniers chitter chatter
Through misleading interviews.

Oh journalists, journalists,
Run this story please.
We need you to spread the word
About the rising seas!
Journalists, journalists,
Run this story please.
You can help to keep the warming
below two degrees.

America the Beautiful

O beautiful for spacious skies,
For amber waves of grain,
For purple mountain majesties
Above the fruited plain.
America! America!
God shed His grace on thee.
And crown thy good with brotherhood
From sea to shining sea!

This Land is Your Land

This land is your land, this land is my land,
From California, to the NY Island.
From the redwood forest to the gulf stream
waters
This land was made for you and me.

As I was walking a ribbon of highway,
I saw above me and endless skyway.
I saw below me a golden valley.
This land was made for you and me.

Chants

The people, united, will never be defeated!

Show me what democracy looks like!
This is what democracy looks like!

Choose renewable, now it's doable!

We increase our planet's peril
Every time we pump a barrel.

Hey, hey, ho, ho!
Fossil fuels have got to go!

Switch to CLEAN, switch to GREEN,
Say it like your really MEAN it!

No more coal! No more oil!
Keep that carbon in the soil!

What do we want? Climate Justice!
When do we want it? Now!

Hey — we have a plan!
Climate justice throughout the land!

When our planet's under attack,
What do we do?
Stand up! Fight back!

The people are unstoppable,
Another world is possible!
